

Post-Installation Recommendations

Thank you for choosing The Best Wallpaper Installer for your home design! Please make sure to follow the recommendations below after installation.

- Please do not touch or hang anything on wallpaper for 48hrs after installation.
- Keep A/C between 70-75 degrees for 48hrs to prevent damage to wallpaper.
- Bubbles are common, please let us know and we'd be happy to remove them.
- Bathroom installations: please avoid steam for 48hrs post-installation. Always turn on the vent and/or leave the door open while showering to prevent damage on wallpaper.
- Please write us a review!
